## Staff Changes For New Term Announced

### No-Yong Park To Speak Here On October 19

Dr. No-Yong Park, a brilliant Harvard scholar, a distinguished writer and lecturer on Far Eastern affairs, and a challenging and stimulating interpreter of our relations with the Orient, will speak at chapel on Monday, October 19.

Dr. Park received his Eastern education in both China and Japan, and he acquired his Western training in Europe and America. He now holds the M.A. and the Ph.D. degrees from Harvard University.

While in college, Dr. Park distinguished himself by capturing many oratorical and literary prizes in competition with American students in their own language.

Dr. Park has made Far Eastern problems his life-study. He has visited the Orient frequently to obtain first-hand information for his lectures and writings.

For the past decade he has been an understanding lecturer on Far Eastern affairs for the leading universities and for popular audiences throughout the country. With his Oriental background and occidental training, his gift of expression and keen sense of Mark Twain-like

### Cheer Leaders Chosen In Pep Chapel Session

After the usual announcements in chapel Thursday morning, Dr. Ward Sumpter of the chemistry department announced the names of those students trying out for the cheering squad. Dr. Sumpter is the advisor of the cheering squad this year, replacing W. E. Welborn of the biology department, who sponsored the cheerleaders last year.

Eight hopeful students, of which only four could be taken, displayed their ability in leading the assembly in two school yells. After all had finished, they were recalled one by one so that the judges might ascertain which four received the most applause.

To fill up a gap in the program while the judges were deliberating, A. Lauder milk of the agriculture department, led two cheers. His performance more than made him eligible for the squad. The candidates were kept in further suspense by a speech made by Arnold "Winky" Winkhofer, Western's football coach who introduced the members of the football team.

Finally, Dr. Sumpter announced that Thomas Lilly, a freshman from Morgantown, Sue Frymire, a sophomore from Irvington, Rich-

### Military Law Bans Wearing Of Service Insignia By Civilians

According to information received by Colonel Gordon R. Catts, P. M. S. & T., from The Fifth Corps Area Service Command, Columbus, Ohio, all civilians, including females, found wearing distinctive articles of the uniforms of men in the United States armed forces are subject to a fine not exceeding \$300 or to imprisonment not exceeding six months, or by both fine and imprisonment.

In the interest of all concerned, Section 2148 of the Military Laws of the United States was quoted in the letter received by Western's commandant. The text of Section 2148 was as follows: "It shall be unlawful for any person not an officer or

enlisted man of the United States Army, Navy or Marine Corps to wear the duly prescribed uniform of the United States Army, Navy or Marine Corps, or any distinctive part of such uniform or a uniform any part of which is similar to a distinctive part of the duly prescribed uniform of the United States Army, Navy, or Marine Corps.

"The following articles of the uniform are distinctive, within the meaning of the act when they are made in conformity with specifications and standard samples or sufficiently close thereto so as to ap-

(Continued on Page 7, Column 3)

### Shickelgruber, Here It Comes!

Western's participation in the nationwide salvage drive stepped up to full speed during the past week as thousands of obsolete engravings and newspaper cuts were cleared from storage rooms in the Administration building.

Following careful sorting and discarding of the cuts, students spent many hours in dismantling the metal from the wood mountings. William Johnson, sophomore and Harold Matthews, freshman were snapped by the HERALD cameraman as they salvaged the valuable copper and zinc now in great demand by Uncle Sam. Shipment of the metal to a smelting plant will be made early next week.

## Obsolete Engravings Are Scrapped In State-wide Metal Campaign

October 12 marks the opening of the state-wide scrap salvage campaign; however, the state newspaper scrap campaign will be from October 1-8. All types of critical war material will be solicited, and everyone has a chance to contribute either scrap or his services in collecting growing mounds of scrap metal.

Western's attic, cellar, and garage may not exist as completely as those

in a Kentucky home, but Western, nevertheless, is doing some scrapping too. In the period of time in which the regular College Heights publications have been coming off the press, an extremely large number of engravings used for picture publications have been acquired.

The engravings have been accumulated over a period of twenty-five or thirty years. They have had extensive use in the Herald, the football programs, the Talisman, and other Western publications. In the recently published "History of the Western Kentucky State Teacher's College," by Dr. James P. Cornette, a number of these cuts were used for illustrative purposes.

The school recently received letters from engraving companies stating that it would be necessary for all orders for cuts to be accompanied by a statement saying that all obsolete printing plates had been disposed of.

During the past week, hammers and chisels have been plied busily to retrieve the copper, zinc, and alloy of which the engravings are made. In the room where the en-

gravings were kept, there was a sizeable pile of scrap when the boys finished with their salvaging.

The engravings had many subjects, and it is interesting to speculate on what will be done with some of Western's scrap. Perhaps one of Western's additions to the air force will one day fly a plane with pistons or other parts made from an old Talisman cut.

### Senior Class Gives Flags To School

As a lasting memory of Western's class of '42, an American flag complete with a gold fringe, tassels, and an eagle-topped standard was presented to the college. A standard to hold the college banner and a case to keep all of the preceding in were also given.

The committee which had charge of this until June was Sam Steger,

(Continued on Page 7, Column 4)

### War Program Is Cause Of Many Changes, Leaves

Many changes have been made in Western's faculty and administrative staff during the past summer. In most cases the war or the war program has been responsible for the changes.

Dr. W. J. Edens, head of the agriculture department, left Tuesday for Starkville, Mississippi, where he has assumed his duties as head of the agricultural economics department of Mississippi State University. Dr. Edens was accompanied by Mrs. Edens and their son, Richard. Dr. Edens had been a member of Western's faculty since 1923.

Dr. Glenn Dooley has been added to the staff of the chemistry department. He fills the vacancy left by the resignation of Dr. J. T. Skinner who is now with the University of Kentucky agricultural experiment station.

Dr. Dooley received the B.S. degree from Southwestern Teachers College at Springfield, Mo. He received the Ph.D. degree from the University of Iowa. Dr. Dooley taught for one year at Huron College, Huron, S. D. For the past five years he has been teaching at Texas

(Continued on Page 5, Column 1)

### ROTC Enrollment Shows Increase In Current Quarter

A substantial increase in the enrollment in R. O. T. C. was reported by Colonel Gordon R. Catts, P. M. S. & T., in an interview with the Herald reporter here late yesterday.

The R. O. T. C. opened their schedule of training with the showing of an informative movie on military courtesy. This showing was for the entire cadet corps.

Plans are now being completed for the organization of the R. O. T. C. into companies. The information as to the battalion divisions will follow just as soon as the freshmen recruits have been thoroughly grounded in the basic fundamentals of drill.

Colonel Catts revealed that plans called for battalion parade this fall, weather permitting. This will mark the first time so far as can be learned, that battalion parade has been held in the fall since the installation of a senior R. O. T. C. unit at Western. The accelerated college program is believed to have caused the change in the regular calendar of events staged yearly by the cadets.

The battalion parade is one of the most colorful events of the year at Western. The entire R. O. T. C., led by Western's crack marching band, passes in review before the battalion staff.

### Chapel Hour Changed

Since the change-over from the semester plan to the quarter system, the chapel hour is held on Tuesday and Thursday mornings at 9 o'clock. Under the semester plan, chapel was held on Monday, Wednesday and Friday.

### NYA Shop Is Training Men And Women For War Plants

The war of production is concerned not only with the tools of production but also with the skilled workers who operate the grinding war machines. As serious as a shortage of raw materials or tools might be, a scarcity of trained workers would be vastly more crippling to the national war effort.

The local National Youth Administration war training shop is doing its utmost to see that such a shortage of workers does not develop. The shop has been in operation since last November but has already trained nearly 3,000 youths. Of this number approximately one-third have gone to take their place

on the production lines of the nation. Day and night the task of training continues, for as one group departs, new recruits slip into their place. At night the countless windows blaze with light as the "swing shift" works on, oblivious of time.

The NYA shop, located on the Russellville Pike just below the tennis courts, offers instruction in three important types of work: machine shop, sheet metal, and welding. Warren and eleven surrounding counties furnish the trainees for the shop courses. A bus makes daily runs to transport workers who live at a dis-

# College Heights Herald Retirement Ends Twenty Years Service As Geography Department Head For Miss Jeffries

The COLLEGE HEIGHTS HERALD is the official newspaper of the Western Teachers College. It is published every other Friday by the Western Alumni Association under the general management of Kelly Thompson, Director of Public Relations. The staff is composed of students of the journalism classes taught by Miss Frances Richards. The COLLEGE HEIGHTS HERALD has an average circulation of more than 4500 copies.

## Are You Worth Fighting For?

Do you know what they are fighting for? They are fighting for you, and you, and you—students of Western. Certainly a strong part of America is its educational system, from kindergarten to university inclusive. In defending American traditions and ideals, men in action, women in the various service branches open to them are defending you.

There are definite duties to be performed in the name of patriotism by college students. President Paul L. Garrett has repeatedly urged the student body to make the most of the opportunity of attending college, but more especially has he urged that now is the time to do a task well, to make every hour a well spent one.

Doing good work in school is something to take pride in during any season, but conscientious work now means much more. Full acquaintance with America's heritage will make better fighters of American boys because those who know what they are fighting for will fight more fiercely.

Going to school now is a doubly precious privilege. Many young men and women have been called to work in war plants, and theirs is the world of the lathe and drill. Yours now is the best of the opportunities offered, and unless you do your best, you have no place in the schools and colleges of America today.

## Be Selfish—Give Something Away

Be selfish—give something away. Paradoxical? Perhaps, but in this day of saving everything that has a potential value people who contribute conscientiously to scrap metal drives are giving in a new way. This new chance to give not only the best that you have, but also that which has little actual value to you is a chance to do much that needs to be done.

You as a student have little opportunity actually to give scrap metal. This does not take away your chance to help. You can get in touch with your salvage committee and volunteer your services in collecting the scrap material in this great drive.

Successful war endeavor will vary proportionately with national effort to do everything necessary to win. Gathering up and giving scrap material is just as important as any other civilian task. A weaponless soldier is a useless one. Withholding vital scrap metal may leave our soldiers without the best equipment available.

Bear in mind this idea—when you help in the drive for this material, you help to protect yourself and those dear to you. You are the person behind the man behind the gun.

## A Letter To The Alumni

Every member of the Alumni Association is entitled to receive the COLLEGE HEIGHTS HERALD, official school paper of Western Teachers College.

During the past two years many improvements have been made in the HERALD. So much expense was involved in making the improvements that we are forced to discontinue all unpaid subscriptions.

To those of you who received the paper regularly last year but who have not as yet sent us your alumni dues, we are asking that you do so at once so that we can continue to send you what we think is one of the very best college papers in the south.

Alumni dues are one dollar per year. Fifty cents of this amount is used to defray the cost of sending you the paper. If you haven't paid for the 1942-43 school year, why not do so now?

Cordially yours,  
W. J. Craig,  
Secretary of the Alumni Association.

Miss Ella Jeffries, for twenty years head of Western's geography department, has retired from her position. Her retirement was effective September 1, 1942.

A native of Hardin County, Miss Jeffries was graduated from the Southern Normal School and from the University of Kentucky. She started her work with Western in 1912 as a substitute teacher, and the following year she became a full-time member of the faculty. In 1922, she was elevated to the headship of the geography department, and her leaving comes after twenty years of service in that capacity.

Miss Jeffries is considered by her associates to be the dean of Kentucky geographers. She is a charter member of the State Council of Geography Teachers. At its organization, this council had ten members. Besides Miss Jeffries, Western had another charter member, Mr. R. P. Green.

In addition to her work with the State Council, Miss Jeffries has been active in the National Council of Geography Teachers. This is the only section of Kentucky having a district council affiliated with the National. This council has the organization name, The Pennyroyal Council of Geography Teachers. It has been largely through the efforts of Miss Jeffries that the Pennyroyal Council has done successful work in this area.

Miss Jeffries has done much in keeping her students interested in geography after they leave school. Her vision and interest have caused them to realize the importance of continuing their work in this field.

A knowledge of geography is an invaluable aid in understanding the affairs of today's warring world. Miss Mary E. Marks, one of Miss Jeffries' associates, says of Miss Jeffries, "She has an almost uncanny ability in foretelling what will happen next in the war. Her knowledge of geography makes her completely aware of the possibilities in various battle field areas."

Miss Jeffries' influence on those

After thirty years as a teacher at Western, Miss Ella Jeffries, beloved by Western students everywhere, has retired. Miss Jeffries became a member of the Western faculty in 1912 and in 1922 was elevated to the headship of the geography department. During the three decades of service as a Western teacher Miss Jeffries touched the lives of many thousands of students. Those who have known her are agreed that her influence will be felt in the classrooms of Kentucky for years after the youngest teacher at Western has retired.

coming to her for instruction has not ceased with subject matter. A thoroughly understanding person, Miss Jeffries has done much in helping young people. Those who have come in contact with her have realized through her gentleness, through her great humanity, just how good a friend a person can be. Perhaps no one can say just how many young people have known the power of the good Miss Jeffries has done, but those who know her best can talk for hours and never repeat themselves in telling of the true abundance of her nature.

Geography, influences, activities in fields other than those specifically her own, all the good she has done, will go into the heritage of Western

## "Your Folks Love You" --- So Write Them," Says Mr. Canon

"Your folks love you more and more each year, and this year they love you more than ever before." This was the statement of Registrar E. H. Canon in the chapel exercises on Thursday morning, September 24, as he urged both the new enrollees and the upper classmen to write the "folks back home."

Swept along by the rushing events of attending classes, experiencing new social events, or anticipating tonight's "date," this year's college student is prone to forget that the folks back home are anxious to hear from "junior," to find out if his blanket is warm enough or if his roommate treats him well.

Too many times the comic strip is the only journalistic form which catches the much sought-after at-

tention of the time harried student. But upon the folks at home descend the black undefiable facts of the headline with an acute realism that causes a thankfulness for the son and daughter in school and a hope for the safety of the one in the service.

Chatty letters about the teacher who remembers Aunt Suzy and says you look like Dad, or about the gracious lady who directed the singing in this morning's chapel, or about the President speaking those earnest and inspiring words about the war—all will find appreciative readers back home.

And those inky headlines which glare from this morning's paper will become a little less black for the folks back home.

CHARM  
FOR MISS CO-ED

Our shops are dedicated to the aim of helping you retain an impregnable beauty front—natural, poised and charming.

## Engagements - Weddings

**Terry-Spalding**  
Mrs. Thomas Terry announces the marriage of her daughter Nell to Lester Helm Spalding on Saturday, September 12, at Houston, Texas.

Mrs. Spalding, A.B. '42, is the daughter of Mrs. Thomas Terry and the late Thomas Terry of Clarkson, Kentucky.  
Mr. Spalding, A.B. '41, is the son of Mr. and Mrs. B. G. Spalding and is now an aviation cadet in the Army Air Forces at Ellington Field, Texas. He finished his basic work at this field recently and expects a transfer soon, at which time he will be joined by his wife who now has a government position at Leitchfield, Kentucky.

Mr. Spalding was made a cadet lieutenant several weeks ago, in charge of fifty-three men. He expects to receive his commission as navigator in about two months.

**Martin-Scarborough**  
Mr. and Mrs. F. H. Martin of Sacramento announce the marriage of their daughter Nancy, A.B. '41, to Gilbert L. Scarborough, A.B. '40, on September 2, at New Post Chapel, Fort Oglethorpe, Georgia.

Mrs. Scarborough, a niece of Mr. and Mrs. J. R. Whitmer, is now employed at Post School, Fort Knox.

Mr. Scarborough has taught music in Russellville, Kentucky, and Etowah, Tennessee. He is now stationed at Fort Oglethorpe with Provost-Marshall General's school center band.

**Brown-Brawner**  
Mr. and Mrs. O. L. Brown of Beech Creek announce the marriage of their daughter Della Mae to William Brawner, son of Mr. and Mrs. W. T. Brawner, Louisville, Kentucky.

The ceremony took place at Miss Brown's home at Beech Creek on Saturday, September 26, at 12:30 p. m. The only attendants were Jess Huff and Sybil Hankins.

The bride and groom were in Nashville for the week-end and returned to school Monday. They are living in the Proctor Court.

## War Letters To Be Filed In Library

The role of Western and Western students in World War II will not be lost to posterity if a recently organized faculty committee receives active support from students and friends of the school. It is believed that letters from Western students in every branch of the armed services would make an interesting and valuable collection for future historians and would also help preserve a permanent record of the contributions of the student body to the war effort. The committee in charge of the collection consists of: A. M. Stickle, Gabrielle Robertson, Mary T. Moore, and Elizabeth Combs.

Letters and other material of a similar nature would be of value to the proposed collection, and any such donation would be greatly appreciated. All material will be placed in the Kentucky Library where it will be properly arranged and permanently preserved. At the request of the donor the material will be withheld from the general public for a number of years.

## Saunders And Bell Promoted

According to an announcement made by the War Department recently, Lieutenants William H. Saunders and Roy J. Bell have been raised to the rank of Captain.

Since his assignment to Western, Captain Saunders has acted as instructor to the junior classes in military science while serving in an additional capacity as faculty adviser for Company B, Third Regiment, Pershing Rifles.

Captain Bell was ordered to Western in May 1941 and since that time has served as instructor to the sophomore classes in military science. In addition to his duties as instructor, Captain Bell has acted as Coach for Western's R. O. T. C. Rifle team.

## Alumni Flashes

By

**Raymond C. Hornback**

Route 4, Louisville, Ky.

**GREETINGS: ALUMNI FRIENDS.** We know that you are busy people these days, but we also know that you won't be too busy to read about your many friends scattered all over the world with the army, the air corps, the navy, the marines, and in defense work. Good. That's the way to talk. "You bet, we're going to keep posted on all of these Western grads." Now, listen to your correspondent of Alumni Flashes speak. "If others are to be accurately informed, you must—and this is a MUST item—write me at once about your relatives or friends of the armed forces or the war industry. Send all communications to me at Route 4, Louisville, Ky., or call MA 7430J."

**RED, WHITE, AND BLUE.** Lt. Gilbert Masden of Lebanon Junction, who received his wings recently, visited Western on his way to Tallahassee, Florida, his recent assignment. John Porter Woods, a graduate of the infantry officers' candidate school at Fort Benning, Ga., as a second lieutenant, married Miss Helen Harter, daughter of Mr. and Mrs. Harold Harter of the Brown hotel, in June while home on a furlough. J. Frank Hays, former instructor in the Rochester High School, has been commissioned a lieutenant, junior grade, U. S. Navy Reserve. James Riley Chapman, lieutenant in the army, an R. O. T. C. graduate of Western, married Laura Edna Stevenson in June at the Methodist church in Bennettsville, South Carolina. Cadet George W. Ellis, son of Mrs. Ruth C. Chaney, 835 11th street, Bowling Green, is stationed at Pecos Army Air Force Basic Flying School in Pecos, Texas. Upon completion of this course he will proceed to an advanced flying school under the West Coast Air Base Training Center Command. Brownie B. Bolton of Clarkson was recently commissioned a second lieutenant in the Army Air Force at Turner Field, Albany, Georgia. Stewart F. Dowlin of Hopkinsville is a Naval Aviation Cadet at the Navy's "Annapolis of the Air" at Pensacola, Florida. Francis Truman Bonstell, Jr., has been commissioned as an officer in the U. S. Army Air Force at the Lubbock Army Flying School in Lubbock, Texas. Lt. Bonstell was a member of the Pershing Rifles. Staff Sergeant George L. Bartley of Waverly has finished his training and received the silver wings of an Army Air Force Glider Pilot at the South Plains Army Air Flying School at Lubbock, Texas. Aviation Cadet John H. Powell of Danville and Second Lt. Charles P. White of Short Creek have received training at Randolph Field in Texas.

**THERE YOU ARE—**Just a few of the boys you know. Stop now and write me about the ones of your acquaintance. Tell me all about them. . . human interest, jokes, facts, or what have you.

Down at Earlington Western has a mighty good friend in Superintendent A. P. Prather. He speaks highly of President Garrett and many

of the Western faculty, and says that he is ready always to help the colleges of Kentucky put across their educational programs. Sallie Park, Annie Montgomery, Fern Stokes, Mabel Stodghill, Zona Bassett, Lloyd Barnard, and Ann Vanada—teachers at Earlington—are all Western grads.

The most enthusiastic city school superintendent that I have met in several months was Carlos Oakley, A.B. '31, superintendent of Livermore city schools. Carlos, ten years principal of the Hawesville school, has completed his first year as a city superintendent and says that he is crazy about the work. He married Maggie Duncan, A.B. '31, and is the proud father of Mesia Jane, 8; Emily, 6; and Bill Duncan, 4. You should have seen the big smile when he gave me this last name, BILL DUNCAN, 4. His All-Western faculty is W. M. Egbert, Wilma Lytle, Wilma Vandiver, Mrs. Don Shouse, Lenora Hicks, Helen Nuckolls, Lenora Liveley, Ethyl Morton, and Mrs. Gerald Rendor.

Woodfin Huston, A.B. '29, now principal of Adairville High school, says that he is one of the "old guards" since he started his training at Western in 1909 on the site where the B. U. is located. He spoke of R. P. Green and Col. Guilfums. He takes the title of "old guard" because he helped guard the administration building on Halloween evening during its construction. Mr. Huston married Nellie Hartsfield of Graves County.

## Pershing Rifles Aid In Orientation

In keeping with a policy set forth by that organization last year, Company B, Third Regiment, Pershing Rifles, aided the administration in the recent orientation of freshmen.

An information booth was set up in the rotunda of the Administration Building and Pershing Riflemen were on duty throughout the freshmen period of orientation to answer the many questions and to direct the new students about the campus.

The newcomers were taken on a tour of inspection through Western's library following which the organization and the facilities of the building were explained by the library staff. A detail of Pershing Riflemen also aided the registrar in the registration of freshmen by assisting the students in filling out their class registration cards.

## Sumpter Research Article Published

Dr. Ward C. Sumpter of the Western chemistry department has had the results of some of his research published recently in the Journal of the American Chemical Society. The research was in the field of carbon compounds, commonly known as organic chemistry. The work was supported by a research grant (A. A. A. S.) received through the Kentucky Academy of Science.

## ROTC Rifle Team To Be Selected

Tryouts for the Western rifle team are to be held early next week according to a statement made to the Herald by Captain Roy J. Bell, coach of the R.O.T.C. rifle team.

The rifle team came out of last season's tough schedule with an unusually fine record and prospects for this year's team seem especially bright. However, some vacancies will probably be existent on the team this year and all cadets in R.O.T.C. interested in trying out for the team are requested to meet Captain Bell Monday afternoon at 3 p.m. on the R.O.T.C. rifle range.

## War Program Is Cause Of Many Changes

(Continued From Page 1)

A. and M. His official title at Western is assistant professor of analytical chemistry.

Dr. Judson B. Griffin succeeded Miss Ella Jeffries as head of the geography department following Miss Jeffries' retirement on September 1.

Dr. Griffin received the A.B. degree in 1925, the M.A. degree in 1927, and his Ph.D. degree in 1931 from the University of Illinois. Dr. Griffin was a member of the Kentucky Geological Survey from 1926-31 and a member of the Illinois Geological Survey 1931-32.

Mr. Walter B. Nalbach has a leave of absence from his teaching duties in the industrial arts department. He is now at Morehead State Teachers College where he is assisting with the Naval training program.

Mr. Charles Massinger of the music department is on a leave of absence for the current school year. He is studying at Columbia University.

Miss Andrea Johannsen is teaching voice in Mr. Massinger's absence. A graduate of New York University, Miss Johannsen received the B.S. degree in '35 and the M.A. in '38. She has been working toward the Ph.D. degree at the University of Iowa.

For the past two years Miss Johannsen has taught voice and directed choral work at Coe College, Cedar Rapids, Iowa.

Mr. Roger Barbour is a new addition to the staff in the biology department. His undergraduate work was done at Morehead State Teachers College, and he was awarded the M.S. degree from Cornell University, Ithaca, N. Y.

Mr. W. E. Welborn, of the biology department, is on a leave of absence from Western. He and Mrs. Welborn are in Washington where Mr. Welborn is with the Federal Bureau of Investigation.

Mr. Hayward Brown of the agriculture department is on a leave of absence. He is now with the State Vocational Education Department, and his work is concerned principally with the Western part of the state.

Miss Virginia Campbell, A.B., '41, has been chosen to succeed Miss Edith Hines as secretary to Kelly Thompson, director of public relations for Western.

Miss Hines left the Hill to join the WAAC. She is now stationed at

Director W. S. Van Dyke II discusses a scene of "I Married an Angel" with its co-stars, Jeanette MacDonald and Nelson Eddy. At the Capitol Saturday.

## Student NYA Allotment Cut

Mr. Sterrett Cuthbertson, curator of Western and N. Y. A. administrator, has stated that the N. Y. A. student aid fund is to be continued throughout the nation but on a greatly reduced scale. Because of the war the funds available have been decreased.

The number of students receiving N. Y. A. help at Western is between sixty and seventy, a third of what it was at this time last year.

## Seniors Occupy Home Management House

According to Miss Lotta Day, head of the Home Economics department, the following seniors are residing in the Home Management House for a period of six weeks: Mary Miller, Ruth Marcum, Dorothy McInerney, and Mrs. Duncan young, nee Martha Meadow.

Port Des Moines, Iowa, where she is third officer, fifth company, first regiment.

After attending Western in 1937-38, Miss Hines attended the Belle Haven School in Mississippi. Prior to her position in the public relations department, she worked in the registrar's office.

E. A. Diddle was appointed athletic director on the Hill, after William L. "Gander" Terry was granted a leave of absence to become a physical education instructor for the United States Army.

Freshman mentor under Terry, Arnold "Winky" Winkenhofler, who was on a leave of absence to work with the American Red Cross, came back to the Hill to take over the reins as head football coach.

Tommy Prothro, son of the former Philadelphia Phillies baseball manager "Doc" Prothro, has replaced E. B. Stansbury, who accepted a first lieutenant's commission with the physical education department of the Army Air Force last spring.

Rounding out the Hilltoppers' football staff is Jimmy Salato, who was the quarterback of last year's Toppers. At the present, Salato is teaching at the Bowling Green High School and assisting "Winky" in the afternoon.

## Reception Given By Western Faculty

An informal reception was held by the faculty for the students Friday evening, from eight to ten o'clock, in the Kentucky building. A string ensemble, composed of Steeley Veach and Lloyd and Le Roy Fritz, played throughout the evening. The reception was well attended by both the students and the faculty.

## Class Meetings To Be Held Thursday

The first regular meeting of all classes will be held during chapel hour, Thursday, October 2.

Seniors will meet with their sponsor Dr. Earl A. Moore, in the Little Theater. Mr. Horace McMurtry and the juniors will convene in the Cedar House. Sophomores will meet with Mr. C. A. Loudermilk in the auditorium of Snell Hall. All freshmen are required to assemble with Mr. George V. Page in Van Meter auditorium.

Although the freshman meeting is the only compulsory one, it is the duty of every student to attend the meetings of his class.

## Library Group Meets Oct. 17

The Kentucky Library Association will meet at Frankfort, Ky., for a one day session on October 17. Because of the wartime difficulties in transportation, the meeting was changed from a three-day session at Pikeville to a one-day session at Frankfort, a more central location.

John G. Barrow of the library at Berea College is the president of the association, and Miss Elizabeth Coombs of Western's Kentucky Library is one of the directors.

## WELCOME

We have everything the charming co-ed needs for classroom wear—those exciting football games or for that important date. Also snazzy formals for dances.

## Team Entries For Intramural Play Set For October 7

Ted Hornback, supervisor of intramurals, has set next Wednesday, October 7, as the final day for entries in either the touch football or tennis leagues. Play begins in these two sports the following Monday.

A complete schedule will be worked out as soon as the entries are in. Copies of it will be posted on bulletin boards on the Hill along with copies of the rules and regulations governing all intramural sports.

In co-operating with the government in its war-time health program, Mr. Hornback is not limiting membership in each organization as has been the policy in the past. Each club may enter as many players in any or all of the activities as it desires.

Mr. Hornback said that it is the duty of every boy or young man to keep himself fit for service to his country. He also added that anyone who does not know how to get into an organization should see him immediately. It is his hope that he will have at least ten touch football teams entered.

Anyone who has not won a letter at any college is eligible to participate. The wish of the physical education department is for all boys in college to take some part in intramural sports.

Besides touch football and tennis, competition will be held in volleyball, basketball (a free throw tournament preceding the opening of league play), handball, badminton, and softball.

As in the past, the point system will determine the championship organization. The club which compiles the most points during the entire year, which ends in the latter part of May, will be awarded the crown. Entering a number of leagues gives a club a better opportunity to capture the title.

Last year's champions, the Pershing Rifles Club, should, according to advance information, be a strong contender for the number one spot again this year. Arts and Crafts, who finished one point behind the second place Outcasts, are also a highly regarded outfit.

Glenn Tennington, '36, graduated last June from the dental school in Louisville and is now connected with the State Department of Public Health.

## Student Football Season Tickets On Sale For \$1.50

Western and Business University students may purchase season football tickets at the bursar's office, good for the four home games, at the reduced rate of \$1.50 each, tax included. Others may buy the season tickets for \$3.50 each, plus tax, while single admission tickets will sell for \$1.00 each, plus tax. No reduction will be made in single admission tickets, but high school and grade school students will be admitted for 25 cents each.

The first home game is scheduled for tomorrow afternoon when Western meets the Thundering Herd from Marshall College. The Hilltoppers engage Morehead Teachers College in the second encounter which will climax the Dad's Day celebration on October 17. The third game will mark Western's annual homecoming and will be played on November 7 against Tennessee Tech. The final home game is scheduled with Union University, November 14.

The complete Hilltopper schedule, at home and abroad, follows:

- Oct. 3—Marshall College, here.
- Oct. 9—Youngstown College at Youngstown, Ohio.
- Oct. 17—Morehead Teachers, Dad's Day, here.
- Oct. 24—Union University, Jackson, Tenn.
- Oct. 31—Eastern Kentucky, Richmond, Ky.
- Nov. 7—Tennessee Tech (Homecoming), here.
- Nov. 14—Union University, here.
- Nov. 21—Murray Teacher, Murray.

## First Home Game Of Season To Begin At 3 P. M.

Western will open its 1942 home wartime football season tomorrow afternoon at 3:00 p. m. when the Hilltoppers, under the tutelage of newly-appointed Head Coach Arnold Winkenhof, meet Cam Henderson's Thundering Herd of Marshall College.

Red and Gray team, meeting nothing in the way of spirit and determination, are resolved to tan the hides of the Herd as a fitting token to their new mentor. Still smarting from a 30-6 defeat dished out by the University of Mississippi last Saturday, the Hilltoppers are primed and ready for tomorrow's tilt with Marshall.

Coach Winkenhof's team, though rated as the underdogs tomorrow, are gunning for the West Virginians in the hopes of gaining revenge for last year's 34-7 defeat, the worst handed the Toppers all season. Marshall lost only one game last year and was rated among the nation's leading teams.

Cam Henderson has another strong aggregation this year, even though he has lost his two nationally famous backs, Driscoll and Hunt. Marshall's lone encounter of the current season was with Morehead Teachers College last Saturday and resulted in a 0-0 deadlock.

Western will be handicapped by the probable loss of John Mazola, signal calling fullback, who is still nursing an injured leg. Coach Winkenhof has been putting his boys through stiff workouts this week in the hope of perfecting a combination that will corral the Thundering Herd.

Probable starters for Western are: Kinduell and Swaney ends; Abell and Arnold at the tackle positions; Sparks and Stoll, guards; Cales at center. The backfield will consist of Wilson, Cullen, Steele, and Mills or Mazola.

## Football Games To Be Broadcast

Arrangements have been completed whereby all of Western's football games are to be broadcast over radio station WLBJ, according to an announcement recently received by the department of public relations. Ken Given, president of the local radio station, will act as chief announcer. Mr. Given was the announcer of a reconstructed play by play account of the opening game against "Ole Miss" last Saturday, and his excellent handling of the game received considerable praise from Western followers.

Mr. Given, who came to Bowling Green during the past summer to take over the management of the station succeeding Colonel Rayburn Rose who resigned, has had considerable experience in sports announcing. Assisting him in the management of the station is Jake Causey, who is manager of the advertising department. A number of other programs originating on College Heights are to be broadcast throughout the coming school year.

# Winkenhofers Depending On Frosh Gridders

According to Coach Arnold Winkenhofers of the Hilltoppers it is not an easy task to produce a winning football team when freshmen have to be used on the varsity team.

When asked whether or not it was good experience for the freshmen he said, "Yes, but while they are gaining valuable experience, we are losing ball games."

However, "Winky," as the players refer to him, is depending upon several freshmen to provide a much-needed spark to the team. He is grooming Buddy McLeod to lead his aerial offensive. Buddy is a six-foot, 170-pound halfback from Cleveland, Tennessee.

Howard Goodner, another halfback from Cleveland, is one of the "Toppers" mainstays on its ground attack.

Jimmy Greene, who played with the Ashland Tomcats in his high-school days, shows promise as a good defensive back. Edward Capps, Campbellsville, alternates with Greene at the blocking back position.

Other freshmen playing backfield positions are Charles Moran of Horse Cave, who has had no previous football experience, and Jim Murray, who played three years for Elizabethtown. Charles is the grandson of Charley Moran of big league umpiring fame.

In the line Coach Winkenhofers has Charles Farris playing at end. Farris hails from Erlanger.

Shelby and Billy Wilson are learning the tackle positions. Shelby, a promising griddier, was injured in the "Ole Miss" game last Saturday and will be unable to play for some time. He is a product of Bowling Green High School.

Wilson is the heaviest member of the squad, tipping the beams at some 220 pounds. Wilson's home is at Russell Springs.

For guards "Winky" has three boys. Number one, of these three is Lloyd Redman from Okalona. Lloyd is a six-foot, one-inch, 190-pound stalwart who was known in high school as the "Ox," because of the stubborn resistance which he put up on the defensive.

Bill Hammock of Sturgis and Raymond Hartledge of Elizabethtown also strengthen the guard posts. Both boys have played three years in high school.

## Fighting Forces. To Be Admitted To Games Free

Any member of Uncle Sam's fighting forces in uniform will be admitted free to the 1942 football games at Western, it was announced by the Western athletic committee recently.

The action of the committee will afford an opportunity for the many soldiers, sailors and marines who visit Bowling Green on week-ends to find good entertainment during their stay.

### TALISMAN

There has been no announcement yet of the editorial staff of the Talisman, or of the faculty sponsor for the college annual.

The editor will be chosen at the first meeting of the senior class on Thursday, October 8.

# Spikes, Cleats and Sneakers

By Tommy Sanders

Arnold "Winky" Winkenhofers Western's new head football coach, is well known and liked on the Hill. He served as assistant coach in 1938, and now steps up to the head coachship, replacing "Gander" Terry who is a physical education instructor in the army. "Winky" has two capable assistants in Tommy Prothro and Jimmy Salato. Salato is a well known Westerner who is remembered by his exploits as all KIAC blocking back of the '41 team. Prothro was a member of Duke's 1941 Rose Bowl team and was praised by Wallace Wade, Duke coach, as being one of the finest ever to play for him.

—WKTC—

While we're on the subject of coaches, Capt. (to you Sir!) E. B. Stansbury, former member of Western's athletic department was on the Hill Monday for a short visit. Capt. Stansbury is now physical instructor in the Army Air Corps. He recently was promoted from a first lieutenant to a captain—Congratulations.

—WKTC—

Somebody said Lou Cullen got mad last Saturday when he ran for that 91-yard touchdown. Something must have happened because he ran through the entire Mississippi team. Incidentally that was Lou's first touchdown of his college career, but we hope not his last. Speaking of Cullen, word has been received that Joe Cullen, Lou's brother and former Topper teammate, is in England—a radioman in Uncle Sam's Army Air Corps. Joe wrote home that he ran into another Western athlete—G. A. Willoughby, a former member of Western's tennis team.

—WKTC—

When asked how he liked the Mississippians' southern hospitality of last week-end, Harold Swaney replied, "It was fine—everywhere except on the football field." The Mississippi team did give our Toppers a drubbing, but things might have been different if Western hadn't been riddled with injuries. John Mazola, fullback, didn't even make the trip because of an infected leg, and Ralph Gadd, senior end, played with a twisted knee. One Topper who didn't have any injuries and didn't play like it either, was "Boots" Abell, who did everything a tackle should do and more according to all reports. Assistant Coach Prothro said, after Saturday's defeat, that Abell could make any team in the nation tomorrow without any trouble.

—WKTC—

Judging from the score of that Morehead-Marshall game last Saturday, we may stand a better than fair chance to whip the Thundering Herd. The best the Herd could do with Morehead was to deadlock the Eagles, zero-all.

—WKTC—

The Hilltoppers split a couple of pre-season scrimmages with an army eleven from Fort Knox. They must have been good games, judging from that black eye Bob Wilson wore for several days. Rapid Robert didn't duck when a 275-pound tackle hit him.

## Western Band Leaders Named

Mr. Hugh Gunderson, director of Western's band, has announced that the drum majors and majorettes to lead Western's band have been chosen. The commanding drum majors are Clarence Wood, Beech Creek, and Thomas Lilly, Morganfield; Josephine Wand, Bowling Green, Marian Stone, Lenoir, North Carolina, and Pauline Mills, Lynch, are to be the twirling majorettes. There will be a drum major and two majorettes at either end of the unique double-ended band.

Rehearsals with the band began Friday, September 25, and the first appearance of the band, drum majors, and majorettes will be at the Western-Marshall game tomorrow.

## NYA Shop Is Training Men & Women For War Plants

—(Continued From Page 1)

ance from the shop. Most of the workers, however, make arrangements to live in Bowling Green while working at the training plant. Approximately 250 are working in the shop at present, 50 of them being girls. While training, non-residents receive \$24; residents get room and board and \$10.80 a month.

The courses last six weeks or slightly longer and are based on a forty hour week of five eight hour shifts. In the past, after completion of the course, workers were sent to the eastern industrial centers. Recently, however, an effort has been made to secure positions in Louisville and other industrial areas nearer to this section of the state. Salaries of those who have completed training ranges from \$150 to \$300 a month.

Morton Driskill, a twenty-one year old youth from Shelbyville, Kentucky, was honored at the giant Victory Day Rally held in Bowling Green on Labor Day, September 7, as the 1,000th person to be trained in the NYA shop for war production work in the eastern plants. He was awarded a certificate by Orin W. Kaye, regional NYA Administrator for Ohio, Michigan, and Kentucky. He then left to accept a position in the Glenn L. Martin bomber plant in Baltimore, Maryland.

Driskill had attended Western for three semesters, ending in January of this year, as an agriculture major. After being rejected by every branch of the armed services because of a heart murmur, he took a course in welding and machine operation.

## Cheer Leaders Chosen In Pep Chapel Session

—(Continued From Page 1)

ard Dink, a freshman from Rineyville; and Ruth Colley, a sophomore from Portland, Tenn., had been chosen as the '42 cheering squad. Chapel closed with a cheer led by this quartet.

## Hilltoppers Outclassed By Ole Miss 39-6

Western's badly crippled Hilltoppers were shown no mercy by the University of Mississippi as they dropped a 39-6 decision in a game at Oxford Mississippi Saturday, September 26. It was the worst defeat suffered by a Western Team in eleven years and was also the first time in eleven seasons that a Topper team has lost an opening game.

The lone bright spot in the contest for Western fans came in the second quarter when Lou Cullen, big Topper halfback, rushed for Ole Miss kickoff on his nine yard line and raced 91 yards for the locals' only score.

Little time was lost by the Mississippians in getting their offense under way. Within five minutes after the opening whistle Charley Connerly, Ole Miss halfback, had completed passes good for two touchdowns. Neither of the extra point attempts were good.

Midway of the second period one of Ray Mills' punts was blocked behind the goal line resulting in the third Mississippi score. It was on the following kickoff that Cullen made his touchdown trip. The half-time score stood at 19-6.

In the third quarter the Ole Miss aerial game clicked for two more touchdowns and the final marker came in the fourth period as a result of some high powered Mississippi line plunging.

## No-Yong Park To Speak Here

—(Continued From Page 1)

humor, he has won popularity and distinction equalled by few oriental visitors.

In a short time, nearly two million Americans have come to acclaim him as one of the most brilliant interpreters of Eastern culture and international affairs.

In addition to teaching and lecturing, he has written numerous articles and books including, "Making A New China," "An Oriental View of American Civilization," "Chinaman's Chance," and "Retreat of the West," which Pearl S. Buck recommends as "a required reading for the white race."

Dr. Park's lectures on Far Eastern international affairs are always timely and informative, and his lectures on Eastern culture and civilization are always delightful and stimulating.

## Band Members Entertained

Western's band members held a party in the choral room of the music building, Monday evening, September 28, at eight o'clock in order that the new and old members might become acquainted.

The program consisted of two violin solos, *Souvenir* and *Perpetual Motion*, by Marjorie Parker, and piano selections by Clarence Wood and Harold Burkhead. Movies of the band's marching routines and formations of last year were shown. After the program there was dancing, with music furnished by members of the Roy Holmes orchestra.

## Roy Holmes To Play For School Dances

Western's Dance Committee has announced that music for the school dances this year will be furnished by Roy Holmes and his orchestra.

There have been many changes in the personnel of the band this year. The old members of the band are: Jeanne Payne, vocalist; John Schultz, Ray Makeaver, Joe Morris, and Tommy Linton.

The reed section is composed of: Tommy Linton, Bronco Schesto, Ambrose Paluzzi, and Don Darnell.

Brass: Ray Makeaver, Johnny Clements, Joe Morris, trumpets; and trombonist, J. T. McCoy.

Rhythm: John Schultz, bass; Sonny Hollaway, drums; and Bob Towle, piano.

## WELCOME STUDENTS

The Citizens National Bank extends a hearty welcome to the hundreds of students, both of Western Kentucky Teachers College and the Bowling Green Business University, who have chosen to come to this city for their advanced formal education. We believe that seldom, if ever, has the time existed when academic training will prove of greater value to the individual and the nation than today.

This bank and all its facilities stands ready to assist students with their financial affairs throughout their college careers in this city.
